## Commonwealth Master's Scholarships in Sri Lanka

### Why study in Sri Lanka

The Sri Lankan Ministry of Higher Education says:

One of the remarkable features of the Sri Lankan education system is its accessibility to education for all, irrespective of social background. As a result the country has the highest literacy rate in South Asia. Degrees and qualifications from Sri Lankan higher education institutions are well recognised around the world, making Sri Lanka one of the top destinations for higher education.

Sri Lanka is also one of the most admired tourist destinations in the South Asian region for its golden beaches, endemic flora and fauna, and spectacular landscapes.
